Discover SPACE AND STYLE'S laminate range, a multiplicity of surfaces, floorboard formats and finishes, as they can only be offered to you by one of the world's leading laminate flooring manufacturers. Welcome to our laminate world defined by lively wood finishes which can also be installed in commercially used rooms.

Experience state-of-the-art laminate flooring, surfaces and formats which are of the highest quality appearance and workmanship.

How to install...

SPACE AND STYLE'S Laminate World lives up to its name. In this collection, you will find high-quality finishes with adequate flooring thickness.

The real sensation however is the success of the adhesive-free installation system, which is integrated in all laminate flooring. This virtually revolutionizes the installation process.

Floors in this range have a finely textured structure and are recommended for private residential use.

Unique features of the Laminates:

- Attractive and decorative – providing choices of exotic wood finishing
- Easy to install – They are modified to a DIY convenience
- Glue-free system – The tongue and groove click together perfectly without visible joint
- Moisture resistance – Profiled in tropical hardwood HDF as the coreboard with anti-moisture protection significantly improves the moisture resistance
- Re-usable – The precise profile enables easy installation and dismantle without damaging the tongue & groove. The laminates are made of material durable enough to be reused.

Surely the world's quickest and easiest laminate installation system!

Life on a high level, freedom to surf the latest wave, a little adventure spiced with a splash of jet-setting. That is what the **SPACE AND STYLE** Laminate World offers.

High quality finishes with appearance and feel of natural wood will add life to your rooms.

A large selection of chic flooring and trendy surfaces with structures pleasant to the touch.

The **SPACE AND STYLE** Laminate World brings that something special into your home – a real trendsetter.
